Re: Request for Road Equipment

Mr. Rios,

Pertaining to my conversation with Commissioner Orlando Lucero, the Town formally requests the opportunity to receive surplus roadway equipment from Sandoval County. In particular, the Town of Bernalillo is in need of a road grader, but we would be interested in considering any equipment that may be available through the County's surplus process.

Thank you for your consideration of this request. Should you require additional information, please contact Maria Rinaldi at 771-7133.

Sincerely,

Jack Torres

Dear Commissioner Scherzinger:

As the District 2 Commissioner, including the Village of Corrales, you are well aware of the challenge of maintaining adequate roads for our citizens and taxpayers.

West La Entrada Road between Corrales Road and Loma Larga in our Village serves as three separate school bus routes: for elementary, middle school, and high school students. It is a particularly important east-west connector in the center of our community.

Our Public Works Department has found it necessary to refill cracks and potholes every other year on West La Entrada and, frankly, consider it a "losing battle". A more appropriate solution would be to overlay the surface at an estimated cost of \$173,329. If from the monies available to county Governments, Sandoval County can assist with \$150,000, the Village could handle the balance from its fiscal 2013-14 Local Government Road Co-operative funding allotment.

Thank you for your consideration and your public service to the residents of Sandoval County.

Sincerely,

Philip Gasteyer, Mayor
